

16 years enough for Manzullo

Published: 10/31/2008 12:03 AM

Congressman Don Manzullo of the 16th District has been in office too long.

After 16 years of little to no positive results, no new energy policy, the loss of thousands of jobs in his district and continued support of Bush's financial policies, resulting in economic chaos, it is time for him to go.

Fortunately, we have an opportunity to send an individual to Congress with real world experience, one who can solve our problems with real solutions. I am voting for Bob Abboud for Congress because as a nuclear engineer, small business owner and energy policy expert with over 30 years experience in the industry, he has the skills and ideas to help solve some of our toughest challenges. As the current mayor of Barrington Hills, Bob also understands the issues confronting municipalities throughout District 16. As our congressman, he will be in a position to deliver positive results for his constituents.

I hope you'll join me in voting for Bob Abboud for Congress on November 4. To learn more, visit his Web site at www.robertabboud.com.
